Nia Marie’s summer single “Trust Me” in collaboration with independent artist Al von Staats, will electrify your soul.

**NEW YORK, NY -- July 26, 2021 --** Out now on all streaming platforms, independent Pop/R&B singer-songwriter Nia Marie, takes her sound to a whole new level with her end-of-summer single “Trust Me”. The collaboration with multi-instrumentalist, songwriter and self-producing artist Al von Staats, tells the story from two sides of a relationship in turmoil.

With clear and soulful vocals, “Trust Me” takes the listener right into the middle of an emotional conversation. The music and hard-hitting percussion, slowly builds alongside the vocals, resulting in an intense rhythmic and melodic earworm. The obvious chemistry and back-and-forth lyrics between Nia Marie and Al von Staats, creates an intense vibe that pulls the listener in and holds on tight. The lyrics not only explore the complexities of trust in a relationship and delve into what it’s like to experience betrayed trust, but also what it’s like to then try and find a way to move on from heartbreak. With the emotional lyrics, mellow synth chords and intricate beats that build throughout the song, Nia Marie is a musical force to be reckoned with.
